

Dry valves | DRV-1

The LIGHTEST and SMALLEST trimmed dry valve available on the market!

Features and advantages of Viking's DRV-1 dry valve

- **Size & weight** - the DRV-1 is the lightest and smallest trimmed dry valve available on the market. As such, it requires less space inside the valve room, and less manpower to install
- **Ease of installation** – pre-trimmed, easy to service
- **Localisation** – only Viking offers alarm lines tailored to each market: UL/FM, UK, France, Sweden, Norway, Germany & Finland
- **Approvals** - the valve carries all major approvals: CE, FM, UL and LPCB
- Available in 3"/DN80, 4"/DN100 and 6"/DN150 with Groove-Groove connections
- Several options available (accelerator kit, air supply kit, monitoring kit)
